

Do you have Angus or Angus Cross Females to Sell?

**Missouri
Angus
Advantage**

+Plus

Commercial Female Program

Sale: Friday • 6:00 p.m. • December 2, 2011

Marshall Livestock • Marshall, MO

Selling approximately 200 head of Angus Females

**Join these cattlemen who market their females with the
Missouri Angus Advantage +Plus Commercial Female Program!**

Brian Marshall, Malta Bend – “We have sold in every MAA+Plus Sale since its inception. We have built a customer base through the sale that has generated many repeat customers for us. They keep coming back to the sale because they get along well with the cattle they buy there.”

Russell Coon, Bethel – “I like this sale for its simple business approach. It skips some of the extra frills that add labor and expense and just tries to offer good cattle at fair prices.”

Brent Murphy, Houstonia – “This sale has been an excellent place to bring good cattle and serious cattlemen together.”

Kirk Farris, Boonville, MAA+Plus customer – “We bought a set of bred heifers at the sale last year and we are 100% pleased. The dispositions are excellent, we had no calving problems and the calves are weaning off at the top of the calf crop. We intend to keep all the heifer calves out of the females we bought in the sale for replacements. When people come buy cattle at this sale, they are going to be pleased and they are going to be back, I know we will be!”

Call or e-mail for an entry packet or visit the website at www.missouriangus.org.
